CACTI FOR THE AMATEUR—Haselton. This handbook on cactus is the best for the beginner and tells him what cacti he can grow and furnishes complete, illustrated, cultural information. Answers hundreds of questions such as: How can I grow Cacti? What Cacti will flower? How do I start collecting? Which kinds are most desirable? Can I grow them from seed? How can I graft Cacti? Can Cacti be watered? Will Cacti grow in cold climates? How can I know their names? How can I make my Cactus flower? And hundreds of other questions. Appeals to amateurs, hobbyists, collectors, florists, dealers, schools, colleges, libraries, garden clubs, botanical gardens, nature study groups, plant and garden lovers.

Contains 150 pages and 160 illustrations, also a chart in color to help you name 110 cacti. Bound in cloth. We will send 6 large blooming size, botanically named cacti FREE with each book and all for the price of the book, only.....\$2.75

SUCCULENTS FOR THE AMATEUR—Brown. This companion book of the other succulents answers all the questions so that anyone, anywhere can grow these beautiful plants. Written for the beginner, it introduces one to more than 800 of the best succulents. Clear illustrations show the kinds usually found in amateur collections. General culture of succulents will be found in Haselton's companion book, "CACTI FOR THE AMATEUR," but cultural requirements are included so that the various kinds may be properly grown. Learn how to care for those plants in your succulent bowl.

Contains 172 pages with 214 illustrations of 400 named plants. This book is especially helpful in naming your succulents. With each book order we will send absolutely FREE 6 succulents for your garden, all for the price of the book, only \$2.75.

CACTUS AND SUCCULENT JOURNAL—A monthly magazine twenty years old, that is recognized authority about these plants. Well illustrated articles on exploration, discovery of new plants, classification, culture, and news items. Enjoy your hobby by studying about these plants—read the JOURNAL every month. Current year starts with the January issue; all back issues sent at time of subscription. Free membership in the world-wide *Cactus and Succulent Society of America*. With all membership applications to the *Cactus and Succulent Society of America*, which includes the monthly JOURNAL, you will receive free six large flowering size cactus. Make your check payable to the *Cactus and Succulent Society* for \$3.00 and send with your order, or without, direct to Guy Quinn.
